

GhostBead Square Corner Bead (GBS)

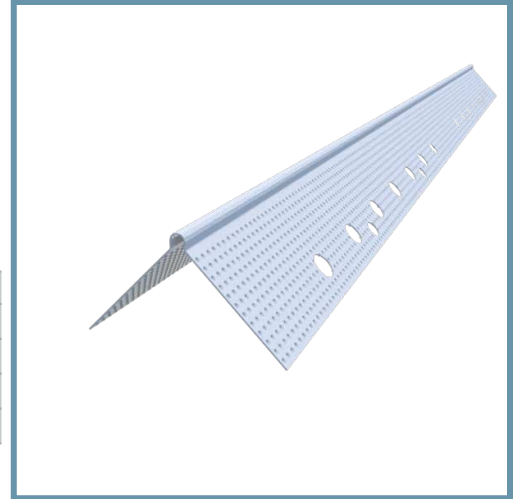

Primed Metal Corner Bead

GhostBead Square metal corner bead is used to provide an invisible finish and solid protection at drywall corners. GhostBead uses a white surface treatment to blend in with joint compound. This traditional drywall finishing product is nailed, stapled, screwed or clinched into place. Flanges are deeply knurled and perforated for excellent joint compound adhesion.

Materials: 0.0125" min. thickness, galvanized coating

Dimensions: 1-1/4" leg x 1-1/4" leg

Width	Length	Pcs./Ctn.	Ctns/Pallet	Feet/Ctn
1-1/4" x 1-1/4"	8'	63	48	504
1-1/4" x 1-1/4"	9'	56	48	504
1-1/4" x 1-1/4"	10'	50	48	500
1-1/4" x 1-1/4"	12'	42	48	504

Code Approvals & Performance Standards

- [ASTM C1047](#) Standard Specification for Accessories for Gypsum Wallboard and Gypsum Veneer Base
- [SDS For ASTM A653 Steel Finishing Products](#) For Interior Finishing and Exterior Finishing

- Galvanized coating for corrosion protection
- Superior compound adhesion
- Strong metal reinforcement for drywall corners
- Exposed nose resists impact and forms a screed for finishing

Storage

All stored materials shall be kept dry. Materials shall be stacked off the ground, supported on a level platform, and protected from the weather.
