

## Channel Reveal - Surface Mount

### Create clear surface channels in exterior wall and ceiling systems

A channel reveal designed for surface-mount applications. Always use a rigid backing or blocking material behind surface-mounted reveal. Vent clips are provided with vented channel reveals to connect reveal sections and assist in alignment. Caulk all intersections, butt joints, ends, and corners at the time of installation. Not to be used in lieu of control joints or expansion joints. Factory-fabricated intersections are also available for all ClarkDietrich channel reveals.
