

#701B/#801B Zinc L-TRIM

Applied after panel installation to finish veneer plaster edges at wall terminations

Veneer trims 701B and 801B are L-shaped trims designed for use at junctions of veneer gypsum base with rough concrete or masonry ceilings. Sized to fit 1/2" and 5/8" gypsum plaster base, 701B provides 3/32" grounds for two-coat veneer, and 801B has 1/16" grounds for one-coat veneer plaster. Available in standard length of 8' and 10'.

Material: .012" 99.97% pure zinc, compliant with ASTM B-69

Also available in G-30 Hot-Dipped Galvanized Steel
