EasyClip™ X-Series™ (X973)

97mils (12ga) Clip Angle

ClarkDietrich EasyClip X-Series clip angles are used to secure U-channel to wall studs for lateral bridging. U-Channel is passed through the stud knockout and an EasyClip X-Series clip is screw attached or welded to provide a rigid connection. X-Series clip angles and U-channel should not be used in lateral bridging when stud width exceeds 8".

For typical construction details using this clip, reference the Clip & Connector Catalog or www.clarkdietrich.com for more information.
